Intruder (Human) – note that the beach is public property & most people will leave when they understand a camp is in progress

Evacuation due to Forest Fire – Fire Travels Uphill. Guiders who discover fire will immediately contact all responsible Guiders on site. Call 9-11 and Forestry Service at 1-800-663-5555. Camps located below the first will exit to the beach – camps located above the fire will exit, using the camp roads, to outside the main gate area. Proceed to gathering points, leaving clear access for emergency vehicles.

Guides to take health forms & first aid kits with them if possible. All campers to remain at gathering points until fire-fighting personnel have advised it is safe to move.
